

Data Sheet

SARS-CoV-2 Nucleocapsid protein (His-tagged)

Catalog no: P0101

Construct AA 1-419 from SARS-CoV-2 Nucleocapsid protein

(UniProt ID: P0DTC9) fused to c-terminal

polyhistidine tag

Content 1 mg lyophilized from 330 µL phosphate buffer

pH 6.0, 300 mM NaCl, 1 mM EDTA.

For reconstitution add 330 µl H2O, then aliquot and

store at -20°C until use.

Storage Up to 6 months: -20 °C

Up to 12 months: -80 °C or below

Expressed in E. coli

Molecular

46.4 kDa

Mass

Purity > 90 % based on SDS-PAGE analysis

By purchasing this product you agree to our general terms and conditions.

To be used *in vitro* / for research only. Non-toxic, non-hazardous, non-infectious.
